Didn't really lay out staff but at least 3. Director, coordinator, facilitator. I will provide a community outreach person, my restorative justice Ada and a portion of my grant writer above those. Deborah

Thanks for sending, Deborah! With a staff size in mind, this gives us something good to work from.
Sincerely,
Kelly

Subject: Non-specific Location Proposal for Athens Community Justice Center

Hi Kelly:

I revised my proposal based on our conversation. This is basically a stand-alone request a location. I would appreciate being considered for a venue to bring tis to fruition as a way to help address youth violence and end the school to prison pipeline.

Let me know if you have questions or wish me to present this to anyone.

Deborah
